- DPI switch: 800-1000-1200 to select your preferred accuracy and precision
- USB-A nano receiver; storable in mouse
- Intelligent power saving function and on/off switch to save battery energy
- Wireless range: up to 10 m
- Intelligent stand-by power saving function
- Works on almost any surface

DESCRIPTION

The EW3222 Wireless Mouse is ideal for use at home, in the office and while traveling. This plug and play device comes with a USB-A Nano receiver that can be stored inside the mouse. Select the preferred accuracy with the DPI switch: 800-1000-1200. The mouse has an intelligent power-saving function and an on/off switch.
Suitable for left-handed and right-handed users
The EW3222 has a symmetric design and thus can be universally used by both left-handed and right-handed users.
Nano receiver: storable in the mouse
The EW3222 comes with a USB-A nano dongle. When you want to take the mouse along with you, the USB receiver can be conveniently stored in the mouse.
DPI switch
Use the DPI switch to select your preferred accuracy. Choose between 800-1000-1200.
Power saving function and on/off switch
The mouse goes into a standby mode when it isn't active for a while. Additionally, the mouse has a physical on/off switch, so you can fully disable the mouse.
