

EW1158

Serial and Parallel combo Interface PCI-e card, 2+1 ports

Add serial and parallel ports to your computer

- 2x Serial ports and 1x Parallel port
- Suitable for connecting a modem, printer, scanner, CD-R/RW drive and more
- With low profile brackets to install the card in any computer

DESCRIPTION

The EW1158 Serial and Parallel Combo Interface PCI-Express card adds 2 extra RS232 (DB9) serial connections and 1 (DB25) parallel connection to the desktop computer.

This card has a single chip that reduces the load applied to the CPU to obtain high performance compared to conventional serial and parallel cards.

The EW1158 Combo Card is a perfect solution for connecting a modem, printer, scanner, CD-R/RW drive or other device with a DSUB9 serial or DSUB25 parallel connection.

Install the Ewent Combo Interface PCI-e Card in any computer using the included low profile brackets.

TECHNICAL

- 2 x DSUB 9, serial ports male
- 1 x DSUB 25, parallel port female
- Chipset: MCS9901
- Compliant with PCI Express base specification 1.1
- Bus interface: PCI-Express x 1
- Supports PCI bus power management interface specification revision 1.2
- Serial data transfer rate up to 2.3Mbps
- Parallel data transfer rate up to 1.5Mbps
- Supports standard parallel port (SPP), enhanced parallel port (EPP) & enhanced capability port (ECP)
- Weight:200gr

LOGISTIC

- Product Weight: 82.00 g
- Retail packaging Dimension (mm): 150 x 130 x 30
- Retail packaging Weight: 178 g
- Master carton Qty: 100
- Master carton Dimension (cm): 67 x 32 x 34
- Master carton Weight: 19.00 kg
