- Store the nano receiver inside of the mouse for easy transportation
- Easy installation

DESCRIPTION

Enjoy cordless freedom with the Ewent EW3223 Wireless Optical Mouse! The mouse is ideal at home, in the office and while traveling. It's fitted with a nano receiver and an intelligent power saving mode to prolong battery life.

Attractive design, middle sized mouse

The EW3223 has an attractive design. Thanks to its size the mouse is good to handle, yet easy to carry with your laptop or netbook.

Optical precision, scroll wheel and nano receiver

You can now enjoy optical precision with 1000 dpi. Fitted with two buttons and a scroll wheel, the mouse supports all common functions. While traveling, the ultra small nano receiver can be stored in the bottom side of the mouse.

Plug in and use

Just plug the USB nano receiver into an available USB port on your computer. Insert the enclosed batteries into the mouse and it will connect to your computer immediately. You can use the mouse on all common operating systems, like Windows and Mac OSX.
