DESCRIPTION

The Ewent EW3140 Wireless Mini Keyboard guarantees easy control and a successful presentation. The Wireless Mini Keyboard features a built-in touchpad. The touchpad takes over your mouse functionality. It will perfectly fit your personal computer, notebook or media player.
Go on the Internet from your sofa
Ewent's Wireless Mini Keyboard creates a new experience of your media player. When your media player is featured with web applications like a Web Browser, Facebook or Twitter you can easily control these applications with your Wireless Mini Keyboard.
Use the touchpad horizontally or vertically? It's both possible!
The unique built-in touchpad can switch between horizontal and vertical use. The touchpad gives you the same experience as a notebook touchpad.
Full keyboard
The Ewent EW3140 features a full QWERTY keyboard. There are even special buttons reserved to control your multi media.
Unique design
Due to the small size the Ewent Wireless Mini keyboard is easy to carry. The EW3140 features a compact, elegant and modern design. You can store the wireless USB adapter inside the keyboard.
