EW1314

4-Port Smart USB Charger 5.4A

Charge up to 4 smartphones/tablets at the same time

- Charge 4 smartphones/tablets at the same time with only one charger
- Smart IC charging system: automatic self-output power adjustment
- Compact design: easy to take along
- Charging stops automatically when battery is full
- With over temperature protection, over voltage protection, over current protection and short circuit protection
- Worldwide applicable: 100-240V AC input
- Also suitable for charging your action camera, power bank and other USB powered devices

DESCRIPTION

Charge up to four smartphones/tablets at the same time with the EW1314 4-Port USB Charger. The Smart IC charging system distributes the available current between the connected devices. Besides, the smart charger recognizes the required current per device. Your tablet and smartphone will be charged with just the right amount of power. The charging will stop when the device is fully charged. The EW1314 is equipped with over temperature protection, over voltage protection, over current protection and short circuit protection.

TECHNICAL

- Input Voltage: AC 100-240V 50/60Hz
- Output current: 5,4A (max)
- USB ports: 4 x 5V 2.4A(max.)
- Power usage stand-by: 0.2W
- Power usage max.: 27W
- Dimensions in mm. 50x76x27
- Weight in grams: 94
