DESCRIPTION

The Play PL3350 Gaming Keyboard is a robust mechanical gaming keyboard with RGB backlight illumination. It has 21 RGB backlight presets and 2 customizable presets. Besides, the keyboard has a Windows lock key, full Anti-Ghosting keys, 12 multimedia keys and, nevertheless, programmable macro keys. You can enjoy hours of gaming with this mechanical keyboard!Mechanical keys for faster keystrokes
The PL3350 is a mechanical keyboard. These mechanical keys ensure a faster and more accurate keystroke response. The keys have a light press and give you feedback with a ‘click’. Control your games now even better.RGB backlight illumination with adjustable brightness and speed
Choose between the 21 preset RGB backlight modes or create your own customized RGB mode. Did you know that you can create your own modes without software? Convenient right?! You even can select the desired LED intensity and speed. Some presets have an adjustable colour mode as well. If you want to disable the illumination, just turn off the LEDs.Windows Lock key: enter the gaming mode
Enter the gaming mode by disabling the Windows key. Hit the Windows lock key and your gameplay won’t be disturbed by hitting accidentally the Windows key. Anti-Ghosting Keys
The Play PL3350 Mechanical Gaming Keyboard has full Anti-Ghosting keys. You can hit multiple keys at once.Built-in memory: your customized presets are saved
If you need to disconnect the keyboard from your computer, your customized LED presets/macro keys will be stored on the internal memory of the mechanical keyboard. When reconnecting the keyboard to your computer you can start gaming instantly with the same settings.Robust keyboard with tangle free nylon cable
This solid full-sized keyboard has an aluminium top plate and comes with 12 multimedia keys. It has a tangle-free nylon braided USB connection cable.Non-skid rubber pads for a stable placement
The PL3350 Mechanical Keyboard has non-skid rubber pads on the bottom side. This ensures the stable placement of the keyboard and prevents the keyboard from sliding.
