DESCRIPTION

Are you looking for a plug and play solution for streaming full 4K 60Hz media files from the Internet, home network, NAS, micro SD card, external hard disk and USB stick? The EM7680 will be the right choice! This 4K TV Streamer with built-in WiFi is powered by LibreELEC with Kodi Krypton. The EM7680 is compact yet powerful and extremely silent. The support of Dolby True HD, DTS-HD and DTS-HD MA provides the best sound quality. The enclosed remote control or free app lets you control the TV Streamer. Get the ultimate viewing experience thanks to the additional features like film information, subtitle downloader and the extensive list of add-ons.

Full 4K 60Hz support
The EM7680 TV Streamer streams 4K files at 60Hz. Experience crystal clear images on your 4K television thanks to this full 4K support. If you do not own a 4K television (yet) the EM7680 streams images in Full HD quality as well. The EM7680 supports among other things: BD-ISO, DVD-ISO, h.265, HEVC, VP9, HDR, HDR-10.
Complete 4K TV Streamer
The EM7680 is the most complete solution when you are looking for a plug and play device for streaming your favourite media files. Besides the streamer and power cable, a HDMI 2.0 cable and remote control are included too. The 4K TV Streamer is out of the box ready for use.

Stream from the Internet, NAS, home network, micro SD card and USB stick
Connect the EM7680 wired or wireless to the Internet, NAS and home network and start streaming your favourite movies directly. It is also possible to connect a USB stick, external hard disk or insert a micro SD card.

Powered by LibreELEC: the most successful media center platform with Kodi Krypton
The stabile open source platforms LibreELEC and Kodi Krypton are the foundation of the EM7680 4K TV Streamer. The streamer remains up-to-date by the active development community. The EM7680 receives a notification when a new update is available.

Download subtitles, movie information and add-ons
Are the subtitles missing or do you want some additional movie information? Download easily the correct subtitles and create your own media library by downloading movie information. Adjust the EM7680 to your personal wishes by downloading third-party add-ons and skins.

Experience the real cinema sound experience
Connect via HDMI a home cinema set to your television and get the real cinema experience at home. The EM7680 fully supports Dolby True HD, DTS-HD and DTS-HD MA, so you can listen to the best audio. Besides, the EM7680 is equipped with a downmix function which converts HD audio to stereo sound.

Control the EM7680 with the included remote control and free app
Use the included remote control for controlling the EM7680 4K TV Streamer. You can download the free Kodi Remote app on your smartphone or tablet and fully control the EM7680 too. Convenient right!
