- Suited for 2.5" SATA SSD
- Compliant with USB 3.1 Gen1 (USB 3.0) specifications
- Comes with protective carrying bag, USB cable and One Touch Backup software
- Solid aluminium casing

### DESCRIPTION

Connect an extra 2.5 inch SATA hard disk or 2.5 inch SATA SSD to the USB 3.0 port of your laptop or PC with the Ewent EW7033 Portable 2.5" SATA hard disk enclosure. Its sturdy aluminium casing provides a cool and safe protection for all your files. Take your photos, music, movies and other files wherever you go thanks to its compact dimensions. The USB 3.0 connection lets you enjoy a maximum data throughput of up to 5 Gbit/s. Easily build-in your SATA HDD or SATA SSD and use it directly, convenient right!
Super Speed USB 3.1 Gen1 (USB 3.0) support
Use the high speed USB to move or copy your files faster than before. The EW7033 Hard Disk Enclosure has Super Speed USB 3.0 connectivity which enables you to transfer data at a maximum rate up to 5 gigabits per second. The hard disk enclosure is also provided with an USB 3.0 cable.
Backwards compatible with USB 2.0
No USB 3.0 port on your computer? No problem, connect the Ewent EW7033 Enclosure also to your USB 2.0 port, with a transfer speed up to 480 mbits per second.
Small solid enclosure for home, office and on the road
The EW7033 2.5" SATA hard disk enclosure offers a quick solution for additional storage to back up your personal or business files. Keep your hard disk safe and cool in the EW7033 enclosure because of the solid aluminium housing. The small size enables you to take your enclosure with you wherever you are. You can build in your own desired SATA hard disk of almost every brand. The EW7033 is suitable for hard disks with a maximum height of 9,5mm.
Including One Touch Backup software
Your files can be save by pressing just one button. Install and use the simple One Touch Backup software to create backups of your files in an instance. Just select your folder once and press the backup button on your enclosure to start the backup.
Several accessories
Do you want to take the EW7033 along? Your hard disk will be protected in the provided carrying bag. Use the enclosed screws and screwdriver to build in your own hard disk.
