EW3851

6-Way Power Strip, with overload protection and power switch on each port

Choose yourself which device to switch off!

- Power strip with surge protection
- 6 Individual outlets with Type F / Type L 10/16A
- Each outlet has an illuminated on/off switch
- Child safety protection on each port
-

DESCRIPTION

The EW3851 6-way Power Strip provides power to your electrical equipment. The individual illuminated switches enable and disable the outlets separately. So standby power consumption will be reduced. All power outlets have child safety protection. Did you know the EW3851 Powerstrip can be mounted easily on the wall?
