EW2430

V16 Safety Emergency Light

• High intensity and power LED light. Visibility is greater than 1 km and 360 ° thanks to its 12 super-bright LEDs, so its emergency position is maximized avoiding possible accidents.
• Easy assembly thanks to a powerful Neodymium magnet makes it easy for the user to secure it to the roof or metal part of their car, truck, van, motorcycle or vehicle in general. It can be hung thanks to its hook provided on it.
• Powerful Magnet, can be used in bad weather conditions. Withstands winds of more than 80 km / h, heavy rain or snow. It works with temperatures between -10ºC and + 50ºC
• 2 in 1. It incorporates 2 modes of use - Emergency light and Torch.
• Easy location inside the vehicle that favors being able to put it into operation without having to leave the vehicle.

DESCRIPTION

Approved by the DGT.
Goodyear V16 Safety Light LED emergency light for cars and motorcycles. Approved by the DGT (IDIADA PC21020060), manufactured under the most demanding quality controls, to save lives on the road.
Thanks to its powerful LED emergency light, it makes your vehicle visible from 1 km away for more than 6 hours, with a 360º viewing angle for perfect light dispersion.
It also has an intense 360º white LED light flashlight with an autonomy of up to 4 hours. Having it on hand will always be a good option!
Without the need for cables, compact and resistant, you can store it in any hole in your vehicle, since the device works autonomously with three commercial AAA batteries included.
Due to its magnetic base, with great grip, you can place it on the roof of your vehicle or any metallic surface, without fear that it may come off, in a matter of seconds, and without leaving your vehicle.
