DESCRIPTION

This product is the ideal tool for charging your electrical devices in over 224 different countries. The adapter is equipped with 4 different wall plugs (retractable), compatible with USA UK Europe, Asia, Australia and New Zealand. With 3 sliders to change different plugs. A universal adapter, it is the ideal tool for charging your electrical devices in over 224 different countries. Ideal for travelling, thanks to its compact and versatile design, light weight and small size. The input sockets can be used simultaneously: you can charge up to 6 devices at the same time. Instead, you can only use one wall outlet plug at a time. Compatible with all smartphones/tablets, digital cameras, MP3 players, laptops, GPS, small travel irons and hairdryers. LED indicator light. 1 spare fuse.
