# EW1562

## Neoprene Cable Sleeve with Buckle & Zipper 1000x100mm

• Say goodbye to cable clutter and enjoy a clean and tidy space
• Total length of 1000 millimeters and a width of 100 millimeters. Features a buckle at each end, enabling effortless connection of multiple sleeves. Simply join the sleeves together for an adjustable cable management solution tailored to your specific needs.

### DESCRIPTION

Made of highly resistant and highly flexible Neoprene, it protects your cables from dirt, dust and foot traffic. The neoprene also protects the cables from moisture.
Fundamental and essential if you have pets or in areas where there are animals. Protects your cables from occasional animal bites and scratches.
It is equipped with a zipper that prevents it from being opened when folded, giving greater support to the cables it protects. The cables will not come out of the sleeve. The zipper effectively secures the cables inside even if it's a thick bundle. Comes with pre-existing holes along its surface. These holes ensure a precise exit for your cables exactly where you need them, eliminating the need for additional modifications.
