EW1548

Clamp-On Under Desk Cable Tray

• Easy to install, you can simply fix the cable tray to the desk and tighten the clamps
• Under desk cable management solves the problem of cables on the floor under the table
• 5Kg Load Capacity: Made of solid metal, it is strong and durable, can support up to 5Kg. Its design allows perfect ventilation avoiding failures related to heat. It has enough space to accommodate most surge protectors, adapters and cables.
• Cable Management - Keeps everything organized
• Open architecture – provides increased ventilation and easier access to cables

DESCRIPTION

The cable tray is super strong and durable. Measures 60cm/2.36” long and 10.5cm/0.41" wide; organizes unsightly data cables, power cords, power strips and power supplies that plague today's work desks and are hidden away of sight.
No screws or adhesive needed! The screw clamp is easy to remove and reattach! Clamps securely fit on desks up to 0.2"/5mm thick and as narrow as 1.97"/50mm for a nearly universal fit on most desks.
No drilling, under desk cable management contains installation instructions, easy installation. Not only does it free up desk and floor space, it also prevents tripping hazards.
