EW1564

Black Nylon Cable Ties, 200mm x 2.5mm

• Cable tie set (100 pieces) made of highly robust polyamide for indoor and outdoor use, UV resistant (UV ASTM D6779).
• Use in mechanical engineering, electrical engineering, crafts, construction, agriculture, horticulture as well as for all DIY enthusiasts and DIY enthusiasts.
• Resistant to: grease, detergents, refined products, chlorinated solvents, alcohols and phenol.
• The product meets all European standards, is UL certified.
• High temperature resistance: from -40 °C to +85 °C (application temperature: -40 °C / +85 °C, installation temperature: -10 °C / +60 °C, max. Working temperature: +/-60 °C, melting temperature +256 °C.

x100
pieces

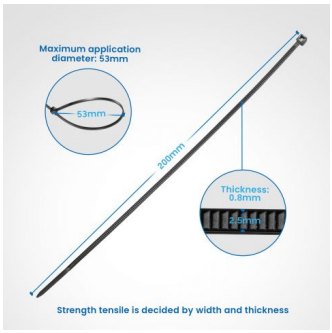

Desirable Design
self-locking fastener design binds multiple cables as a whole
53mm maximum
bundle diameter

Premium Quality & Sturdy Texture
super strong & durable nylon supports up to 8kg weight capacity
8kg

Versatility
used under indoor & outdoor settings for multiple purposes
Multi-purpose

Chemical Resistance
resistant to chemical substance of low intensity
Weak Alkali

UV & Heat Resistance
resistant to UV & high temperature
Against UV Rays
UV
UV-resistant
Against Heat
high temperature resistant

Maximum application
diameter: 53mm
53mm
250mm
Thickness:
0.8mm
Strength tensile is decided by width and thickness
