EW3229

Wireless Ergonomic mouse, 2.4 Ghz | USB-A | Nano receiver

• Ergonomic Design: Specifically crafted to prevent common symptoms of mouse-related strain injuries by promoting a natural hand position, reducing wrist and finger strain during extended use.
• High-Quality Rubber Coating: The mouse is equipped with a premium rubber coating on its surface, ensuring an exceptional grip for comfortable control. This not only enhances the grip but also adds a touch of modern sophistication to its aesthetic.
• Optical Sensor and DPI Switch: Features an optical sensor and a DPI switch with options of 800, 1200, and 2400. Choose your preferred level of accuracy and precision to suit different tasks and preferences.
• On/Off Switch: Equipped with a convenient On/Off switch, helping to prevent battery drain when the mouse is not in use. This feature ensures optimal power efficiency and extends battery life.
• Versatile Buttons: The mouse comes with 6 buttons and a scroll wheel, providing versatility in functionality for various tasks and applications.
• Side Buttons for Easy Navigation: Navigate through pages effortlessly with the additional buttons on the side, offering a user-friendly experience and enhanced productivity.

DESCRIPTION

The Ergonomic Mouse EW3229, meticulously crafted to combat common symptoms of mouse-related strain injuries. By promoting a natural hand position, this mouse reduces wrist and finger strain during extended use, ensuring a comfortable and ergonomic experience. Upgrade your computing experience with the EW3229, where comfort, precision, and functionality seamlessly converge. Elevate your performance, reduce strain, and enjoy a modern aesthetic touch with this innovative addition to your setup.
High-Quality Rubber Coating
The mouse is adorned with a premium rubber coating on its surface, delivering an exceptional grip for precise and comfortable control. Elevate your experience with this sophisticated and modern aesthetic enhancement.
Optical Sensor and DPI Switch
Elevate your precision with the optical sensor and DPI switch, featuring options of 800, 1200, and 2400. Tailor your mouse's accuracy to suit various tasks and personal preferences seamlessly.
On/Off Switch
With a convenient On/Off switch, this mouse is designed to prevent unnecessary battery drain when not in use. Enjoy optimal power efficiency, extending the overall battery life for sustained performance.
Versatile Buttons
Boasting 6 buttons and a scroll wheel, this mouse offers versatility in functionality for a wide range of tasks and applications. Experience enhanced control and efficiency in your daily computing activities.
Side Buttons for Easy Navigation
Effortlessly navigate through pages with the strategically placed side buttons, providing a user-friendly experience and boosting productivity during work or play.

TECHNICAL
