DESCRIPTION

If you want to travel the world, you need to consider the Ewent EW1475 Universal travel adapter which also comes with 2x USB-A and 1x USB-C port.
Support high-power electrical devices (travel hair dryer, computer/laptop, iron).
Applicable worldwide: USA, Canada, Australia, China, UK, in most European countries such as Germany, France, Italy and more than 224 other different countries.
The two USB-A ports and one USB-C enable to charge three USB devices at the same time while the adapter can be used with an earthed device
The adapter is equipped with 4 different wall plugs (retractable), compatible with USA UK Europe, Asia, Australia and New Zealand. With 4 sliders to change different plugs. A universal adapter, it is the ideal tool for charging your electrical devices in over 224 different countries. Ideal for travelling, thanks to its compact and versatile design, light weight and small size. The input sockets can be used simultaneously: you can charge up to 4 devices at the same time. Instead, you can only use one wall outlet plug at a time. Compatible with all smartphones/tablets, digital cameras, MP3 players, laptops, GPS, small travel irons and hairdryers. LED indicator light. 1 spare fuse.

It has gone through rigorous testing and certifications to ensure that it meets the very highest quality standards. Ground-breaking technologies and exclusively designed and patented safety features give full peace of mind when travelling the world
