

## EW1188

### Power adapter 3-ways with Italian plug 10A

- 3 Italian 10/16A electrical sockets to power 3 electrical devices
- Enable and disable all electrical outlets at once with the illuminated ON/OFF power switch
- Modern design that does not take up space: all electrical outlets are easily accessible
- Safe Charging: The power strip is equipped with overload protection and Children Protection

#### DESCRIPTION

With the EW1188 power socket it is possible to connect 3 electrical devices simultaneously. You can place the adapter in any wall socket in your home or in any other place such as offices, garages, warehouses, etc. You can enable or disable all power outlets at once with the illuminated on/off switch.

3 power sockets

The EW1188 power socket has 3 power sockets for connecting 3 electrical/electronic devices.

Enable or disable all power outlets with 1 switch

Use the illuminated switch to enable or disable the entire power outlet at once. This is a great feature for saving on your electricity bill and for safety purposes. The use of standby power is prevented. It is safer to disable all electrical devices at once, rather than have all devices enabled at all times.

Space saving design

The EW1188 features a space-saving design and only takes up limited wall space. All power outlets are easily accessible.

Furthermore, the space-saving 10A Italian plug is equipped with a 90° angle which makes it ideal for insertion into wall sockets present in narrow and narrow spaces!

Safe device

The current outputs are equipped with overload protection.

The device is equipped with Child protection on every single socket.

#### TECHNICAL

- Power: max 1500W, 10A
- Input: 110x230V, 50-60Hz
- Outlets: 3x Type L 10/16A
- Plug Connector: Type L 10A
- On/O↔ Switch: Yes
- Child protection: Yes
- Protection: Overload
- Weight: 85gr
- Dimension (WxDxH): 48x81x64mm
- Colour: White
- Material: Plastic
