- 5 year guarantee
- Accessible helpdesk

DESCRIPTION

Control your mouse more comfortably by using the EW3182 Extra-Large Mouse Pad! A high quality, soft mat with a polyester (lycra) finish.
Polyester fabric (lycra)
This mouse pad gives a sense of luxury, thanks to the polyester (lycra) material.
It is made of soft material to make it long-lasting and easy to clean.
The uniform and thin surface ensures that all mouse movements are transferred precisely to the cursor. Thanks to the non-slip rubber base, the XXL mouse pad does not move from its place. Furthermore, the low height of just 3 mm promises relaxed wrists even after hours of gaming sessions.
XXL size
The extra large dimensions of the mat (900x400x3mm) make it ideal in different environments: for example in the office also to decorate your desk and at home for gaming applications
Use everywhere
It doesn't matter whether you have an optical or laser mouse, the mouse pad is suitable for both optical and laser mice. The EW3182 offers more comfort and precise, balanced mouse control and improves keyboard stability
