EW1714

Charging Cabinet for 14 Notebooks, Tablets and Smartphones

• Mobile charging cabinet: Stores and charges up to 14 devices. Compatible with iPads, Chromebooks, Ultrabooks, Netbooks, MacBooks, tablets, smartphones, and more
• Ventilation and Security: Front door and rear panel perforated for greater ventilation
• Key lock for greater security. Fixed side panels with central perforated portion to facilitate heat exchange. Cable passage holes complete with rubber cable glands
• Cable Management: Shelf with 14 dividers. Cable glands for tidy cable management
• Power Strips: Includes twopower strips with 8 universal Schuko/Italian 45° sockets with earth
• CEEE 7/7 plug, 250V AC, and illuminated switch
• Construction and Installation: Fully assembled, steel construction. Includes 4 leveling feet for desk/floor positioning. Predisposition for wall installation

DESCRIPTION

The mobile charging station is designed to store and charge up to 14 devices simultaneously. It is compatible with a wide range of devices, including iPads, Chromebooks, Ultrabooks, Netbooks, MacBooks, tablets, smartphones, and more.
To ensure optimal ventilation, the front door and rear panel are perforated. Additionally, security is enhanced with a key lock. The fixed side panels feature a central perforated section to facilitate heat exchange, and the cable passage holes are equipped with rubber cable glands. Inside, a shelf with 14 metal dividers and cable glands allows for tidy cable management.
The station includes two power strips, each with 8 universal Schuko/Italian 45° sockets with earth, a CEEE 7/7 plug, 250V AC, and an illuminated switch.
The structure is fully assembled and made of steel, with 4 leveling feet for desk or floor positioning. It is also prepared for wall installation, offering a versatile and robust solution for charging and managing electronic devices.

TECHNICAL

• Color: Black
• Product Dimension: 580 x 550 x 450mm
• Product Weigh: 18 Kg
• Cable Management: Yes
• Device Slot Dimensions: 30 × 286 mm
• Fully Assembled: Yes
• Operating Humidity: 20% to 80% RH
• Operating Temperature: -10°C to 40°C
• Storage Humidity: 20% to 90% RH
• Storage Temperature: -40°C to +60°C
• AC Cord length: 1.80m (1.00mm2)
