EW3243

Wireless optical mouse with Multi-device connectivity, Silent clicks and Type-C Adapter

• • Multi-device and multi-OS compatibility: Effortlessly switch between three devices with different operating systems such as Windows, macOS, iOS, Android and ChromeOS for versatile use.
• • Triple Connection: Supports both Bluetooth 3.0 and Bluetooth 5.2 and 2.4GHz connections, ensuring flexibility and reliability.
• • USB-A Nano Receiver: Compact USB-A nano receiver included, conveniently stores in the mouse to avoid losing it.
• • Connection via the supplied USB-C and USB-A receivers thanks to the Type-C adapter
• • Intelligent Power Saving: Features an intelligent power saving function, optimizing battery power to extend battery life.
• • Wireless Range: Enjoy a wireless range of up to 10 meters, offering flexibility in device placement.
• • Silent Buttons: Silent Click buttons offer a quiet and discreet clicking experience, creating a more peaceful working environment.
• • Adjustable DPI: Choose from three DPI levels (800/1600/2400/3200) for greater precision and accuracy.
• • On/Off Switch: Equipped with a convenient On/Off switch, useful for preventing battery drain when the mouse is not in use. This feature ensures optimal energy efficiency and prolongs battery life.
• • Versatile Buttons: The mouse features 6 buttons and a scroll wheel, providing versatility in functionality for a variety of tasks and applications.
• • Side Buttons for Easy Navigation: Navigate pages effortlessly with the additional buttons on the side, providing an intuitive experience and improving overall productivity.

DESCRIPTION

Compatibility
The EW3243 mouse offers an unmatched solution for effortless multi-device and multi-OS compatibility. Easily switch between three devices, each running a different operating system, be it Windows, macOS, iOS, Android or ChromeOS, providing unmatched versatility to handle various computing tasks.
Triple Connection
This innovative mouse stands out with its triple connectivity options, supporting both Bluetooth 3.0 and Bluetooth 5.2 and 2.4GHz connections. This not only gives you flexibility in choosing your preferred connection, but also ensures reliable performance across a range of devices and scenarios.
Built-in USB-A Nano Receiver
For added convenience, the USB-A Nano wireless receiver elevates functionality. The compact receiver can be stored neatly inside the mouse itself, preventing misplacement and contributing to a clutter-free workspace. This thoughtful design ensures that the essential receiver is always within reach when needed.
Type-C adapter
The mouse is equipped with a Type-C/USB-A adapter that allows connection to the most modern devices (PC, notebook) equipped with a USB-C port, which is the increasingly widespread and efficient connector
Wireless Technology
Expand your flexibility by enjoying a wireless range of up to 10 meters. This extended range allows you to control your devices from a distance, giving you the freedom to arrange your devices for a more organized and efficient workspace.
Silent Operation
To further enhance your work environment, our mouse is equipped with silent click buttons. These buttons provide a quiet and discreet clicking experience, promoting a more peaceful atmosphere and reducing interruptions in shared or quiet environments.
Adjustable DPI
Achieve the perfect level of precision with three adjustable DPI settings (800/1600/2400/3200). Whether you're working on detailed projects or casually browsing, enjoy greater accuracy and control.
On/Off Switch
Featuring a convenient On/Off switch, this mouse is designed to avoid unnecessary battery drain when not in use. Enjoy optimal power efficiency, extending overall battery life for sustained performance.
Versatile Buttons
Featuring 6 buttons and a scroll wheel, this mouse offers versatile functionality for a wide range of tasks and applications. Experience

improved control and efficiency in your daily computing tasks.
Side Buttons for Easy Navigation
Navigate easily between pages with strategically placed side buttons, providing a user-friendly experience and increasing productivity while working or playing.
