EW1702

Mobile charging USB-C PD Pre-wired trolley for 30 notebooks/tablet

• Its modular design facilitates straightforward servicing and replacement of parts when necessary. - The device is fully assembled and pre-wired with USB-C cables, ensuring rapid deployment.
• It is equipped with numbered shelves and robust dividers, facilitating efficient storage and retrieval of various devices, including laptops, Mac, Chromebooks and tablets.
• The USB-C Power Delivery charging system enables the simultaneous charging of all devices from a single outlet while safeguarding circuits against overload.
• A built-in power delivery system is incorporated, eliminating the need for cumbersome power supplies.
• The USB-C cable management system ensures that cables are organized and readily accessible.
• The unit features a 3-point key lock mechanism, complete with provided keys, and offers the option to utilize a personal padlock for enhanced security.
• Designed for quiet and effortless mobility, the unit is fitted with 5-inch high-grade rubber wheels (two of which are equipped with brakes) and recessed handles.
• Its modular design allows for straightforward servicing and replacement of components as needed.

DESCRIPTION

Enhance classroom device management with the EW1702 USB-C PD Charge Cart. This robust mobile solution securely stores and charges up to 30 laptops, Mac, Chromebooks or tablets (up to 17") utilizing USB-C Power Delivery (up to 65 Watts) for expedited charging. Pre-installed USB-C cables and an intelligent power distribution system ensure seamless setup and efficient energy allocation, while numbered slots with integrated cable management maintain organization. The sleek, space-saving design includes a recessed push handle and double-hinged doors. Constructed from high-grade steel and equipped with premium rubber casters for mobility, the cart features steel doors with a 3-point locking system and padlock option for enhanced security. The EW1702 USB-C PD Charge Cart ensures your devices remain powered, organized, and ready for use.

TECHNICAL

• Colour: Black and Grau
• Material:High-grade 18 gauge cold rolled steel
• Numbered Device Spaces: 30
• Organization and convenience: Flexible device dividers with cable channels and numbered device slots, with cable management, prewired USB-C PD, recessed push handle
• Warranty: 5 Year
• Package Contents: Charging Cart, 1.83 m Power Cord, Manual
• Input: 220-240VAC, 15A, 50/60HZ
• Output: DC5-20V, 3.5A each port Max
• Charging System: DC charging ,USB C charging port ,self-adaptive charging system,can support fast charging
• Rolling Casters size: 5 inch (12.7 cm)
• Product Dimensions: 550 x 500 x 1147 mm
• Product Weight: 68 kg
• Package Size: 590 x 540 x 1212 mm
• Package Weight: 83 kg
• Device slot dimensions: 34 x 395 x 265 mm
• Safety & Compliance: CE, UKCA, RoHS ,Reach
• Environment: Operating: -10°C to 40°C Humidity: 20% to 80% RH Storage: -40°C to +60°C Humidity: 20% to 90% RH
