EW1160

POWER BANK 5000mAh COMPACT PD 22.5W

• PD 22.5W Fast Charging & MagSafe® – Compatible with Power Delivery (PD) and Quick Charge (QC), providing efficient fast charging for smartphones, tablets, and more.
• Compact and Ultra-Slim – Just 8.5 mm thick, perfect for carrying in a pocket or bag, ideal for travel and daily use.
• Smart Simultaneous Charging – USB-C input and output allow multiple devices to charge at the same time without loss of efficiency.
• Powerful MagSafe® Magnets – Securely attaches to compatible devices, ensuring perfect alignment and wireless charging convenience.
• Certified Safety & Premium Materials – Protection against overcharging, overheating, and short circuits, meeting European safety standards.
• Smart LED Indicators – LED lights display the remaining battery level for better energy management.
• Includes Essential Accessories – Comes with a USB-C charging cable, travel pouch, and user guide.

DESCRIPTION

This UltraSlim 5000mAh Power Bank combines portability, fast charging, and a sleek design. With MagSafe® technology, it magnetically attaches to compatible devices, ensuring efficient, wireless charging. Its powerful PD 22.5W and Quick Charge (QC) output enables rapid recharging for smartphones, tablets, and other electronic devices.
At just 8.5 mm thick, this is one of the lightest and slimmest power banks on the market, making it ideal for carrying in your pocket or bag. Its USB-C input and output allow for simultaneous charging of multiple devices without losing efficiency. Additionally, it features an advanced smart protection system, preventing overcharging, overheating, and short circuits, ensuring maximum safety.
Includes USB-C charging cable, travel pouch, and user guide. Lightweight, powerful, and secure, this is the perfect solution to keep your devices charged at all times.

TECHNICAL

• Capacity: 5000mAh
• Battery Type: Li-Polymer
• Fast Charging: Power Delivery (PD) 22.5W / Quick Charge (QC)
• Compatibility: Devices with USB-C charging and MagSafe®
• USB-C Input: 5V-2A, 9V-2A, 12V-1.5A (Max. 18W)
• USB-C Output: 5V-3A, 9V-2.2A, 12V-1.67A
• Simultaneous Charging: Yes, supports multiple devices at once
• LED Indicators: Yes, displays remaining battery level
• Safety Protection: Against overcharging, overheating, and short circuits
• Dimensions: 104 x 67 x 8.5 mm
• Weight: Lightweight and portable, perfect for travel
