- Card reader for transferring your pictures and files to and from memory cards
- USB connectors: USB Type-C and Type-A
- Supports the most common used memory cards: SD/SDHC/SDXC/Micro SD
- Complies with SuperSpeed USB 3.2 Gen1 (USB 3.0)
- Transfer speed up to 5Gbit/s

DESCRIPTION

Transfer your files and pictures fast from memory cards with the plug and play EW1075 USB 3.2 Gen1 (USB 3.0) Card Reader. Take the card reader easily along thanks to its ultra-compact design. Reach transfer speeds up to 5Gbit/s with SuperSpeed USB 3.2 Gen1 (USB 3.0). The EW1075 can be used on laptops and computers with a Type-C or Type-A USB port.
Easy to take along
Due to its small size, the Ewent EW1075 USB 3.2 Gen1 (USB 3.0) card reader is easy to take along. The EW1075 has built-in USB connectors: Type-C and Type-A. So you dont need to use any cables.
Support for the most common used memory cards
The most common used memory cards are supported by the Ewent USB 3.2 Gen1 (USB 3.0) Card Reader: SD, SDHC and the latest generation of SDXC cards. The EW1075 supports also Micro SD and T-FLASH cards.
SuperSpeed USB 3.2 Gen1 (USB 3.0)
The Ewent EW1075 Card Reader complies with the USB 3.0 standard. This standard enables a data transfer speed up to 5Gbit/s.
