EW5668

100ml Screen Cleaning Kit with 20x20cm Microfiber Cloth

• Suitable for use on LED, LCD, and other types of screens. Keep your valuable devices clean!
• 100ml cleaning solution for LED, LCD, and other types of screens, lenses, glass, fiber optics, plastic, and printer surfaces. Compact 100ml size – ideal for travel and easy to carry.
• Antistatic: attracts fine dust, perfect for cleaning delicate electronic devices. Antibacterial: SGS tested. Made from a blend of plant extracts; fully biodegradable, alcohol-free, and ammonia-free. Dermatologically safe and non-abrasive. Odorless.
• Extremely soft, lint-free, and 100% safe for cleaning dust, streaks, smudges, fingerprints, oils, and marks from screens, glasses, lenses, binoculars, telescopes, jewelry, and other delicate surfaces. No streaks or drips.
• Cloth made from high-quality, tightly woven microfiber: easy to wash and quick-drying. Hand wash with water only — no detergent or fabric softener. Do not bleach. Air dry only.
• Please check your device's manual before using the cleaning liquid.

DESCRIPTION

The Ewent EW5668 Screen Cleaning Kit helps you keep your valuable devices clean. This kit provides deep and easy cleaning for PC screens and other peripherals. It easily removes dust and fingerprints. The special antibacterial formula, SGS tested, together with the ultra-thin microfiber cloth, ensures a streak-free and drip-free clean. The formula is alcohol- and ammonia-free, skin-safe, and antistatic.
