EW5678

500ml Screen Cleaning Kit with 30x30cm Microfiber Cloth

• For use on LED, LCD, and other types of screens. Keep your valuable items clean!
• 500ml cleaning liquid for LED, LCD, and other types of screens, lenses, glass, fiber optics, plastic, and printer surfaces.
• Antistatic: attracts fine dust, ideal for cleaning delicate electronic devices. Antibacterial: SGS tested. Made from a blend of plant extracts; fully biodegradable and free of alcohol and ammonia. Dermatologically safe and non-abrasive. Odorless.
• Extremely soft, lint-free, 100% safe for cleaning dust, streaks, smudges, fingerprints, oils, and marks from screens, glasses, lenses, binoculars, telescopes, jewelry, and other delicate surfaces. No streaks or drips.
• Cloth made from high-quality, tightly woven microfiber: easy to wash and quick-drying. Hand wash with water only, no detergent or fabric softener, do not bleach, air dry only.
• Spray nozzle with rotary control switch. 3 modes: spray for quick cleaning; jet for large areas; off for lock.
• Please check your device's manual before using the cleaning liquid.

DESCRIPTION

The Ewent EW5678 Screen Cleaning Kit helps you keep your valuable items clean. This kit ensures easy and deep cleaning for PC screens and other peripherals. It easily removes dust and fingerprints. The special antibacterial solution, SGS tested, together with the ultra-thin microfiber cloth, allows cleaning without leaving streaks or drips. The formula is alcohol- and ammonia-free, skin-safe, and antistatic.
The spray nozzle with a rotary control switch offers 3 possible modes: spray for quick cleaning; jet for large areas; off for lock.
