EW1150

USB-C to Multiport Dock 12 in Type-C data, 3x USB 3.2 Gen1, 2xHDMI 4K/60Hz, 1x DP 4K/60Hz, SD/TF 3.0, Audio, RJ45 Gb, 1x Type-C PD 100W

• This USB-C hub has two HDMI ports and one DP port. All of them support 4K@60Hz output, allowing the best possible display resolution.
• Up to 4K@60Hz resolution. Any of its three video ports have 4K@60Hz output. This USB-C docking station will let you experience the best image quality in your games and movies.
• Non-slip silicone padding on both sides. The Ewent EW115 12-in-1 docking station has two wide silicone pads that prevent your laptop from slipping, thus maintaining the best possible ergonomic angle for your hands.
• All the necessary connectivity. The EW1150 12-in-1 docking station combines all the current connectivity you may need to expand your personal computer. It features a 100W PD fast charging port, 2 x 4K@60Hz HDMI and 1 x 4K@60Hz DP, Gigabit Ethernet, 3 x USB 3.0 and 1 x USB-C for data transfer, an SD/Micro SD card reader, and a 3.5mm microphone/audio jack.
• Non-slip connection position for laptops. Thanks to the symmetry on both sides of the silicone strips, you can connect your docking station to your PC wherever its USB-C port is located. You won't need an extension cable to connect; just place the hub under your laptop in the desired orientation.
