EW1579

Universal Air Conditioning remote control with wall mount fixing support

• Compatible with Over 1.000 Models
• Replacement universal remote control that works with most air conditioners on the market (Daikin, Fujitsu, Mitsubishi, LG, Samsung, Panasonic, Hisense, Toshiba, Sanyo, and many others)
• Easily manages all main functions: on/off, temperature adjustment, modes (cool, fan, automatic), timer, and fan speed control
• Permanent memory: does not lose code information
• Backlit LCD display for use even in low-light conditions
• Power supply: requires 2 AAA batteries (included)
• Comes with a handy wall mount

DESCRIPTION

Replace your old remote control with the universal air conditioning remote control: practical, reliable, and easy to use!
Thanks to its extended compatibility with over 1.000 models from leading brands, it's the perfect solution for controlling your air conditioner even if the original remote is no longer available.
Ideal for replacing broken or lost original remote controls in different environments: home, office, shop, hotel, or any air-conditioned environment.

Universal and compatible:
Works with most air conditioners on the market (Daikin, Fujitsu, Mitsubishi, LG, Samsung, Panasonic, Hisense, Toshiba, Sanyo, and many others).

Complete functions:
Includes all the main functions of the original remote control: on/off, temperature adjustment, modes (cool, fan, automatic), timer, and fan speed control.
Permanent memory: Does not lose code information.

Backlit LCD display:
Clear and readable display in any lighting conditions.

Low energy consumption:
Requires 2 AAA batteries (included).
Wall mount included:
A practical mount for attaching the remote control to the wall and keeping it organized and within easy reach.

Quick setup:
Automatic search or manual or standard code entry for easy installation.
