EW1310

20W GaN Fast USB-C PD Charger, Slim Design

• Charge your next-generation Apple (including iPhone 17) and Android devices
• 20-Watt USB-C smartphone/tablet charger for fast charging: up to 50% charge in 30 minutes
• Supports USB-C Power Delivery fast charging
• Designed for the newest generation iPhone, including iPhone 17, and Android Power Delivery-enabled devices, as well as Bluetooth headphones, tablets, power banks, and even game consoles
• Powerful charging performance in a compact design thanks to GaN Fast technology
• Charging stops automatically when the battery is full
• Equipped with built-in protection that protects connected devices from over current, over load, over voltage, and Temperature control
• Innovative, ultra-thin slim design: perfect for traveling

DESCRIPTION

Charge your next-generation Apple (including iPhone 17) and Android smartphones or tablets with the EW1310 20-Watt Slim USB-C Fast Charger featuring Power Delivery. This powerful yet compact USB-C charger is easy to carry. The USB-C charger automatically stops charging when the battery is full.
For Apple devices (including iPhone 17)
The latest iPhones only include a charging cable. A USB-C charger is not included. The EW1310 USB-C Fast Charger is a 20W charger designed to charge the latest iPhones (including iPhone 17). Connect your iPhone to the Ewent 20W USB-C Fast Charger and your smartphone will be charged up to 50% in just 30 minutes.
Android devices with Power Delivery support
Use the EW1310 USB-C Fast Charger to charge your Android smartphone/tablet with Power Delivery support. The USB charger negotiates with your smartphone/tablet to find the right charging profile.
GaN Fast Technology
Ewent EW1310 charger is GaN Fast. GaN stands for Gallium Nitride which is a type of material used to make power electronics. GaN uses the material to increase magazine efficiency and reduce magazine size and weight. PD stands for Power Delivery, a technology that allows devices to be charged at a higher power allowing for faster charging times.
Advanced PPS Technology
The 20W USB-C charger features PPS (Programmable Power Supply), an advanced USB-C charging standard that dynamically adjusts voltage and current in real time to deliver maximum power based on your device's charging status. Compared to other standards, PPS reduces conversion losses during charging, generating less heat and thereby extending your device’s battery lifespan.
Slim Design
Featuring an innovative, ultra-thin design, perfect for carrying around! At just 15mm thick, the EW1310 charger is small enough to easily slip into a bag or backpack, making it the ideal travel companion! Its slim profile also allows the charger to be plugged into hard-to-reach wall outlets, such as behind the bedside table or TV stand!

TECHNICAL

• Max. output power: 20.0 W
• Output voltage / amperage:
• 5.0V up to 3.0A 15W Max,
• 9.0V up to 2.22A 20W Max
• 12.0V up to 1.67A 20 Max
• PPS1:3-5V⍰3.0A 15W, 3-11V⍰2A 22W, APPLE 5V⍰2.4A
• SAMSUNG DCP; QC2.0 5V/9V, QC3.0 12.46V, QC4; SAMSUNG AFC 9V; FCP 5.0V 9.0V
• Input voltage: 100 - 240 V AC 0,6A Max
• Power Delivery ports: 1x

- USB-C supports: PD3.0, PPS, QC2.0/3.0/4+, AFC, FCP, Apple 2.4A, BC1.2
- Connections on charger: USB C female (x1)
- Charger features: Power Delivery 3.0
- Colour: White
- Input connector: CEE 7/16 (Euro) male
- Protection: Over Current Protection; Over Voltage Protection; Over Temperature Protection; Over Load Protection
- Dimensions: 36x15x81mm
- Weight: 48g
