EW1610

Ultra-Slim Tilt TV Wall Mount for 32"–65" TVs, up to 60Kg

• Ultra-Slim Design: achieves a clean, seamless look with the TV positioned close to the wall.
• Integrated Bubble Level: ensures accurate, hassle-free alignment.
• Magnetic Strap End: neatly hides itself when not in use for a tidy appearance.
• Free-Tilting Design: offers effortless forward and backward tilt adjustments for optimal viewing and reduced glare.
• Automatic Spring Locks with Quick-Release Cords: make TV installation and removal quick, safe, and easy.
• Protective Pads: provide added stability and prevent scratches on the TV surface.

DESCRIPTION

The Ultra-Slim Tilt TV Wall Mount is engineered to deliver a secure, space-efficient, and precision-aligned installation for most 32"–65" displays. Designed with an exceptionally low-profile structure, it positions the TV close to the wall with minimal gap, achieving a clean, integrated appearance ideal for residential, corporate, and commercial AV environments.
Despite its compact form, the mount provides high-load capacity support up to 60kg, ensuring structural integrity and long-term reliability. The -12° to 0° tilt adjustment enables rapid fine-tuning to mitigate glare and optimize viewing comfort across various lighting conditions and seating layouts.
Installation efficiency is maximized through an integrated bubble level and micro-level adjustment system, allowing precise alignment even on uneven surfaces. The automatic spring-lock mechanism with quick-release cords ensures a fast, secure attachment as well as simplified serviceability when display removal is required. Soft protective interface pads prevent cosmetic damage during mounting, while the magnetic strap end discreetly self-retains when not in operation.
Engineered for installers, trusted by professionals, and appreciated by end users, the EW1610 combines mechanical performance, streamlined aesthetics, and installation efficiency—making it an optimal solution for high-quality tilt-mount applications in both home and commercial settings.

TECHNICAL

• Type of support: Tilt TV Wall Mount
• Type of mount: Wall mount
