

EW1154**USB-C Hub, USB 3.2 Gen 1 5Gbps, 1 USB-A 3.2 Gen 1 Port, 3 USB-A 2.0 Ports, Aluminum Housing, 15 cm Cable**

- Instant USB port expansion: Turns a single USB-C port into 4 USB-A ports, ideal for connecting mouse, keyboard, USB flash drives, external hard drives, printers, and other peripherals.
- Fast transfer up to 5 Gbps: Includes 1 USB-A 3.2 Gen 1 port with speeds of up to 5 Gbps, perfect for transferring large files in seconds.
- Universal compatibility: Works with Windows, macOS, Linux, and ChromeOS. Compatible with USB-C laptops, MacBook, tablets, mini PCs, and docking hubs.
- Premium aluminum design: Durable, elegant aluminum housing with excellent heat dissipation for stable and safe use.
- Compact and portable: Integrated 15 cm cable, compact size, and lightweight design, ideal for office, remote work, travel, or daily use.

DESCRIPTION

The EWENT EW1154 USB-C Hub is the ideal solution to quickly and easily expand the connectivity of your laptop or USB-C device. Thanks to its compact design and aluminum housing, it combines functionality, durability, and a premium style. With 4 USB-A ports, you can connect multiple devices at the same time: from USB flash drives and external hard drives to keyboards, mice, or printers. Its USB 3.2 Gen 1 port allows data transfers of up to 5 Gbps, ensuring optimal performance even with large files. The hub is Plug & Play, requires no driver installation, and is compatible with the main operating systems. Its short 15 cm cable makes it perfect to carry in a backpack or briefcase without taking up space. Designed for demanding users who seek reliability, portability, and quality, the EW1154 is an essential accessory for daily work, study, or travel.
