DESCRIPTION

Designed for demanding travelers, professionals, and urban users, this 24L multifunctional travel backpack combines capacity, durability, and smart organization in a single product.

Includes an independent 20-liter vacuum bag for clothes, along with a portable vacuum pump, allowing you to reduce luggage volume and make the most of the interior space. Ideal for short trips, weekend getaways, or use as carry-on luggage.

Made from high-resistance 1680D Oxford fabric, with polyester material and waterproof PVC coating, it effectively protects your belongings against rain and intensive use. Its 180-degree horizontal opening allows quick access and easy organization of the contents.

Features multiple interior and exterior compartments, an independent shoe compartment, a hidden anti-theft pocket, and a trolley strap, making it a perfect backpack for both travel and everyday use.

In addition, it is equipped with integrated USB-C and USB-A ports, allowing you to conveniently charge your devices anywhere (power bank not included).

A versatile, robust, and modern backpack, designed for those seeking comfort, security, and maximum functionality.
