

EW5685

Portable Battery-Operated Vacuum Pump for Travel, Works with 6 LR6 Batteries, Includes 5 Nozzles, Lightweight and Compact Design, White

- Designed for travel: EWENT EW5685 portable vacuum pump, specially made for vacuum storage bags for clothing to save space in your luggage.
- Battery operated: Powered by 6 LR6 batteries (not included), ideal for use without a power socket, indoors or outdoors.
- Wide compatibility: Includes 5 interchangeable nozzles compatible with different vacuum storage bags for clothes.
- Lightweight and compact: Portable design, easy to carry and store when travelling.
- EWENT quality: Clean white finish and reliable construction for frequent use.

DESCRIPTION

The EWENT EW5685 portable vacuum pump is designed to help you reduce the volume of clothing when using vacuum storage bags, making it easier to optimise space in your luggage. Compact and lightweight, it is the ideal companion for travel, holidays and outdoor use.

Powered by batteries, the EWENT EW5685 can be used anywhere without the need for a power outlet, offering total portability and convenience. Its practical design allows for quick and easy air removal, helping you pack more efficiently while keeping your clothes neatly compressed.

A reliable and versatile solution from EWENT, the EW5685 vacuum pump is perfect for travellers who want to save space and stay organised wherever they go.
