

EW1504 r1

Large Fixed TV Wall Mount for 50"–100" TVs, up to 75Kg

- Strong & Secure Design – Heavy-duty steel construction safely supports 50"–100" TVs up to 75 kg
- Slim, Modern Look – Ultra-thin 30 mm profile keeps your TV close to the wall
- Better Airflow & Easy Access – Open design improves ventilation and makes cables easy to reach
- Quick & Safe TV Locking – Automatic spring locks securely hold the TV, with quick-release cords for easy removal
- Integrated Bubble Level – Ensures fast, accurate alignment during installation
- Easy Alignment – Built-in bubble level helps ensure a straight, professional installation

DESCRIPTION

Engineered for professional AV installations and demanding commercial applications, this heavy-duty TV wall mount delivers exceptional strength, durability, and long-term reliability. Built with reinforced materials, it is designed to safely support large-format displays while maintaining structural integrity in both residential and high-traffic commercial environments.

The ultra-slim, low-profile design positions the screen close to the wall, creating a clean, modern appearance that enhances contemporary interiors while optimizing space efficiency. Its open-architecture construction improves airflow around the display and allows easy access to cables, simplifying cable management, maintenance, and future upgrades.

Installation is fast and precise thanks to the integrated bubble level, which ensures accurate alignment during mounting and reduces installation time for professional installers. Automatic spring-lock mechanisms securely lock the TV into place, while quick-release cords allow for fast and effortless screen removal when servicing or adjustments are required—without compromising safety.

Ideal for offices, conference rooms, hospitality venues, retail spaces, control rooms, and residential projects, this mount supports a wide range of screen sizes and is compatible with most major TV brands and VESA standards. Combining strength, ease of installation, and refined aesthetics, it is a dependable solution for system integrators, installers, and distributors seeking a professional-grade mounting solution.

TECHNICAL

- Type of support: Fixed TV Wall Mount
- Type of mount: Wall mount
- Number of Screen: 1
- Min. screen size: 50 inch
- Max. screen size: 50 inch
