- Dual Installation Options – Includes both desk clamp and grommet mounting
- Easy Setup – Keyhole-patterned VESA plate simplifies installation
- Strong & Durable Build – Steel construction with high-quality powder coating
- Space-Saving Design – Frees up desk space and improves workspace organization
- Integrated Cable Management – Keeps cables neat and organized

#### DESCRIPTION

Enhance your workspace with the EW1492 Gas Spring Monitor Arm, designed to deliver precision, flexibility, and everyday comfort. Supporting monitors from 17" to 34", this versatile solution allows you to easily adjust your screen to the perfect position, improving posture and reducing strain during long hours of use.

Thanks to the built-in gas spring mechanism, you can enjoy smooth and effortless adjustments, with precise balance tailored to your monitor's weight. The full range of motion—including tilt, swivel, rotation, and height adjustment—ensures optimal viewing angles in any setup.

Installation is quick and intuitive, featuring a keyhole-patterned VESA plate for easy mounting. The included desk clamp and grommet options provide flexibility to fit different desk types, while the integrated cable management system keeps your workspace clean and organized.

Built with durable steel construction and finished with high-quality powder coating, the EW1492 combines reliability with a modern, professional look—making it an ideal choice for both home and office environments.
