EC1378

# Ultra96 HDMI Cable 2m, 16K @ 60Hz | 96Gbps | HDMI 2.2

- Supports resolutions up to 16K @ 60Hz and 8K @ 240Hz (DSC)
- Ultra-high bandwidth of up to 96Gbps
- Compliant with the latest HDMI 2.2 specification
- Supports Dynamic HDR and up to 12-bit color depth
- Compatible with uncompressed 4:4:4 Full Chroma video formats
- Premium audio support with eARC and Dolby Atmos
- VRR (Variable Refresh Rate) for smoother, tear-free gaming
- QFT (Quick Frame Transport) for reduced latency and enhanced responsiveness
- Advanced FRL (Fixed Rate Link) technology for stable, high-speed transmission
- Backward compatible with previous HDMI standards
- Ideal for TVs, monitors, projectors, gaming consoles, AV receivers, and home theater systems

## DESCRIPTION

Step into the future of entertainment with the Ultra96 HDMI Cable, engineered to unlock the full potential of the latest HDMI 2.2 technology. With an impressive 96Gbps bandwidth, it delivers twice the data throughput of previous HDMI generations, ensuring exceptional video quality, ultra-smooth performance, and uncompromised audio transmission.
Designed for next-generation displays and devices, Ultra96 supports resolutions up to 16K @ 60Hz and 8K @ 240Hz, making it the ideal choice for both current and future high-performance AV systems. Support for Dynamic HDR and uncompressed 4:4:4 Full Chroma formats provides richer colors, deeper contrast, and stunning image accuracy, with up to 10-bit and 12-bit color depth for a truly immersive viewing experience.
For gaming enthusiasts, Ultra96 incorporates advanced technologies such as VRR (Variable Refresh Rate) and QFT (Quick Frame Transport), reducing lag, screen tearing, and stuttering while delivering smooth, responsive gameplay even in demanding gaming and VR environments.
Audio performance is equally impressive. With support for eARC and Dolby Atmos, the cable enables high-resolution, immersive surround sound while ensuring perfect synchronization between audio and video. In addition, next-generation Fixed Rate Link (FRL) technology provides exceptionally stable and reliable data transmission, even when handling the highest-resolution content.
Whether connecting a PlayStation 5, Xbox Series X|S, Apple TV, Amazon Fire TV, AV receiver, TV, monitor, or projector, the Ultra96 HDMI Cable delivers outstanding performance, future-ready compatibility, and a premium entertainment experience without compromise.

## TECHNICAL

- Connections
- Connector type: HDMI male (Type A) to HDMI male (Type A)
- Contact material: Gold-plated
- Housing material: PVC
- Cable
- Cable type: Round standard cable
- Length: 2 m
- Conductor material: CCS
- Signal Transmission
- HDMI version: 2.2
- Maximum bandwidth: 96 Gbit/s
- Maximum resolution: 16K @ 60 Hz
- Supported video resolutions: 16K @ 60 Hz, 12K @ 120 Hz, 4K @ 240 Hz
- General
- Color: Black

• Material: PVC
• Certifications: CE, WEEE
• Operating temperature: -10 °C to +80 °C
• Packaging: Cable Tag
