EP1000

SoHo 10" Series Wall Mount Rack Cabinet - 280 mm Depth - 4U

• Compact 10" wall mount rack cabinet
• Up to 60 kg static load capacity
• Two adjustable 10" mounting rails
• Tempered glass front door
• Reversible front door for left or right-hand opening
• Lockable front door with key
• Top and bottom cable entry points
• Roof prepared for one 120 mm cooling fan
• Fully assembled construction
• Ready for immediate installation
• Black powder-coated finish (RAL 9005)
• Compatible with standard 10" rack-mount equipment

DESCRIPTION

The SoHo 10" Series Wall Mount Rack Cabinets are designed to provide a compact, secure, and efficient solution for small network installations, multimedia applications, home automation systems, telecommunications, and edge computing environments where space is limited.
Manufactured from high-quality steel and finished in durable RAL 9005 black powder coating, the SoHo 10" Series combines robust construction with a space-saving design. The cabinet features 1.5 mm thick rack rails and a 1.0 mm steel frame and panels, ensuring excellent rigidity and supporting a maximum static load of 60 kg.
The cabinet is equipped with adjustable front and rear mounting rails, allowing flexible installation of 10" rack equipment such as patch panels, compact network switches, routers, home automation controllers, multimedia devices, and other rack-mounted components.
A 5 mm tempered glass front door offers visibility of installed equipment while maintaining security through a key-operated lock. The door is fully reversible and can be configured for left or right-hand opening, simplifying installation in different environments.
For convenient cable management, the cabinet includes top and bottom cable entry points. The roof panel is prepared for the installation of one 120 mm cooling fan, helping maintain proper airflow and operating temperatures inside the enclosure.
Supplied in Flat Pack format, the SoHo 10" Series minimizes transportation and storage costs while enabling fast and straightforward assembly on-site.
Ideal for residential networks, smart home installations, small offices, retail environments, and compact data distribution points, the SoHo 10" Series delivers reliability, accessibility, and efficient use of space.

TECHNICAL

• General
• Product Type: Wall Mount Rack Cabinet
• Rack Standard: 10"
• Series: SoHo 10"
• Installation Type: Wall Mounted
• Heights: 4U
• Depth: 280 mm
• Color: Black RAL 9005
• Maximum Static Load Capacity: 60 kg
• Construction
• Material: Powder-Coated Steel
• Rack Rail Thickness: 1.5 mm
• Frame and Panel Thickness: 1.0 mm

• Number of Rack Rails: 2
• Rail Configuration: Front and Rear
• Adjustable Rails: Yes
• Door
• Front Door Material: Tempered Glass
• Glass Thickness: 5 mm
• Door Opening Direction: Reversible
• Front Door Lock: Included
• Cable Management & Ventilation
• Top Cable Entry: Yes
• Bottom Cable Entry: Yes
• Fan Mounting Positions: 1 × 120 mm
• Cooling Fan Included: No
• Package Contents
• SoHo 10" Series Wall Mount Rack Cabinet (Flat Pack)
• Front Door Lock
• M6 Cage Nuts
• M6 Mounting Screws
• Assembly Hardware
• Installation Guide
