EP1980

120 mm Cooling Fan for 19" and 10" Rack Cabinets

• Cooling fan for rack cabinets
• 120 mm fan size
• Compatible with 19" and 10" rack cabinets
• Designed for active ventilation and heat dissipation
• Helps maintain optimal operating temperatures
• Improves airflow inside rack cabinets
• Ideal for networking, telecommunications, CCTV and IT equipment

DESCRIPTION

The 120 mm Rack Cooling Fan is designed to provide efficient active ventilation for 19" and 10" rack cabinets, helping maintain suitable operating temperatures for installed equipment.
With its 120 mm fan size, it promotes air circulation inside the cabinet, helping dissipate heat generated by network switches, routers, servers, DVRs, NVRs and other electronic devices.
Effective ventilation helps prevent excessive heat accumulation, contributing to equipment reliability and longer operating life.
Suitable for professional networking installations, telecommunications systems, CCTV applications and IT environments, the 120 mm Cooling Fan is an essential accessory for maintaining proper airflow and thermal management inside rack cabinets.

TECHNICAL

• Product Type: Rack Cooling Fan
• Fan Size: 120 mm
• Compatibility: 19" and 10" Rack Cabinets
• Cooling Type: Active Ventilation
